HOW PRICES WERE COMPARED

Offers are ranked using vehicle price plus mandatory dealer fees minus unconditional discounts, before applicable taxes and licensing. Conditional rebates, trade-in values, optional products and financing payments do not reduce the comparison price. Availability and final written terms must be reconfirmed directly with the dealership.

BEFORE YOU SIGN

1. Ask for a buyer's order showing the exact vehicle or VIN, selling price, every mandatory fee, taxes, licensing, deposit terms and final amount due. Keep any trade-in separate.
2. Treat finance-office products as optional decisions. Extended warranties, protection products, VIN etching, nitrogen-filled tires and wheel coverage can generally be declined. Ask for written price, coverage, exclusions and cancellation terms.
3. Compare financing by annual interest rate, term, amount financed and total borrowing cost - not only the payment. Compare the dealer offer with your bank or credit-union pre-approval and confirm early repayment terms in writing.
4. Consider GAP coverage only after reviewing your expected loan balance, insurer settlement rules, exclusions, cancellation terms and independent alternatives.
5. Do not sign blank or incomplete documents. Vehicle contracts often have no cooling-off period, and deposits may not be refundable. Resolve every open item before signing or paying.

PERSONALIZED RECOMMENDATION

The first offer is the lowest comparable price and includes the requested Premium package. Ask all three dealerships to confirm the VIN, availability, complete buyer's order and deposit refund terms in writing. If Downtown BMW confirms those points without adding conditions, it is the strongest starting choice.

INDEPENDENT SERVICE DISCLOSURE

Beat My Car Quote is an independent vehicle price research service and is not a dealership, broker, lender, insurer or seller. We do not receive referral fees from the dealerships shown. Dealer pricing and availability can change. Unless stated, prices may exclude taxes, registration, licensing, financing costs, trade-in adjustments, insurance and optional products.
